Making Christmas easy for you!

Shingle Inn made its first Christmas treats in 1937 – a year after opening. Our traditional methods and original recipes are still used today, including individually hand-cutting and decorating Christmas Tree and Snowmen biscuits, hand-dipping Choc Shortbread and icing all Christmas Cakes by hand. It's a labour of love that makes our products unique and Christmas easy for you – creating quality products you can be proud to give as gifts (for teachers, neighbours & friends) and add to your own Christmas table.

This year we're also helping to treat our 'furry best friends' by offering organic dog treats that are also made using premium ingredients and hand-cut. Why not spoil your 'furry kids' at Christmas too?

We're a business, filled with hard working families, and with our increasingly busy lives we know the importance of making Christmas easy. With our wonderful Christmas range we aspire to helping you experience the joy of the season while the Christmas fare is taken care of for you.

Each item is expertly hand-crafted in the Shingle Inn Bakery and available in-store while stock lasts.
